

THE WRANGELL SENTINEL

VOLUME 9, NUMBER 23,

WRANGELL, ALASKA, THURSDAY, JUNE 8, 1911

\$2.50 PER YEAR, 10c. PER COPY

City Council Proceedings

The City Council met Thursday evening June 1st and many subjects were taken up. Many propositions are under consideration of committees and a special meeting will be held tonight.

Some of the more important projects are: piping water to the school house which probably will be done as soon as the present term is over; the erection of a City building on the City's lot on Church st. in which to hold Council meetings; and the establishing of a Municipal Court and appointing a Municipal Magistrate.

All of these objects are of vital importance and will be reported on at the special meeting tonight.

Basket Social A Success

The basket social given on May 27th, for the benefit of the sidewalk fund was one of the most successful events pulled off by the committee.

The receipts for the baskets was

\$72.50, for coffee \$4.35 and for the dance \$15.25 making a total of \$92.10 and after deducting the expense of the evening of 12.10, leaves a profit of \$80.00.

The Committee wishes to thank the people for their hearty support of the enterprise, especially the ladies on the committee, Mrs. J. R. Walton, Mrs. W. Royalty and Miss Elinor Lynch, and the ladies furnishing baskets.

The Committee now have about \$175.00 on hand and work on the walk will be immediately commenced and the money expended as far as it will go.

Trinity Sunday at St. Philips Church

The subject of the sermon will be "An Age Without a Creed". The theme will be illustrated by incidents from the French Revolution.

Come and learn what a devotion to pleasure and a moral and intellectual flabbiness may result in.

The time of the service will be 7:30 P. M.

Logger Injured

"Billie" Hood Struck by Falling Snag

Tuesday morning while logging at Totem Bay, Billie Hood was struck by a snag which was dislodged by a falling tree.

Hood in company with his brother-in-law, Bob Royalty and Capt. Stackpole had been logging for about two weeks. Tuesday morning they went to Totem Bay, about five miles from their camp. At about 9:30 A. M. Hood was leaning over barking a pile when a snag, dislodged by a tree that was falling away from Hood, struck him a glancing blow on the head and shoulders. Stackpole and Royalty got him on board the boat as soon as possible and struck for camp and then for town.

The party reached Wrangell at 8:30 P. M. and Dr. Shurick was called on the case. He says that the spinal cord is affected producing paralysis. Hood can talk but cannot move his limbs.

Notice to Fishermen

Next Sunday afternoon at 3:30 there will be a meeting of all fishermen of this vicinity at the St. Philip's Gymnasium to consider the protection of the food fish and other matters of interest to the fishing industry. All fishermen are urgently requested to be present.

A Reminder

Tomorrow evening will be held the closing exercises of the Wrangell Public School. The exercises will be held in the Red Men's Hall and will be followed by a dance. Music will be furnished by Mrs. Collins and by the Filipino Orchestra.

There is a reason why every person in and near the town should be present. The parent, the brother, sister and relative near and distant, to hear and see what nine months of training has developed in the child. The remainder of the population to enjoy the program and dance as a recreation, a vacation from the regular duties of life.

The program consist of the following selections:

Song "If We Were You" School Address Thor Hofstad Recitation "Our Hired Girl" Belle Hood

Song "Lullaby" Talitha Ensley, Annie Lewis Alice Kincaid

Recitation "Pa Wont Play With Me" Andrew Engstrom

Recitation "Who Was Lost?" May Goodrich

Duet "The Soldier and the Red Cross Maid" Patience Collins Ned Lemmon

Monologue "How I Teased the Baby" Adolf Engstrom

Drill - Twelve little girls
Recitation - "Pa's Chicken" Helen Hofstad
Recitation - "Young Philosopher" Henry Renning
Song - "Cuckoo" School
Recitation - "Dead Pussy Cat" Gussie Leonard
Address - Foster Miles
Song - "Your A Grand Old Flag"

It is to your interest to be present. The occasion will never give you a regret, unless you are absent.

States Briefs

The Steel Trust is to lay bare all facts and stand upon its record in the suit of the government to dissolve the trust.

The Democrat Senate has declined unanimously for duty on wool.

The Senate has ordered a new Lorimer investigation.

Government officials seized 900 tons of opium from a Japanese vessel in San Francisco on June 1.

Justice Harlow of the United States Supreme Court celebrated his 78th birthday on June 1.

P. O. Officials Tour Alaska

Two officials from the United States Post Office Department, W. M. Cookson, Ass't. Supt. Division of Salaries and Allowances and Frank W. Smith, Post Office Inspector, went north on the State of California Saturday.

They are making a tour of Alaska inspecting all Post Offices and getting general information on the postal conditions of the territory.

Levy Meets Rival

A motor boat race the length of the Yukon, from Dawson to St. Michael, 1800 miles, was started today with E. T. Ezekiel in one craft and Louis Levy in the other. The two are rival fur buyers.

Ezekiel is for the San Francisco house of Liebes & Co., and Levy is for the New York and St. Paul firm of Ullman & Co. They will buy furs at various Yukon stations ship them from points along the river and continue through to St. Michael.—Dawson News.

A Recall for Judges?

Can a judge do any wrong? The Standard Oil Company was fined \$29,000,000 for breaking the law. The fine was small in comparison with the company's pile. Why did not the company have to pay? A poor man certainly would not have escaped. Some judges interfered and the company did not have to pay.

Woodrow Wilson and others got the reform program up to that point.

Why not farther? Give the people a chance to get a whack at these judges who are outwith a compound microscope trying to find some technicality whereby the rich go free while the poor sinner is punished.

It is a condition, not a theory, that confronts us. Give us a recall of judges, even in the Supreme Court of the United States.

Old History

One of the reasons why tourists chose to visit Europe rather than for example Alaska is not so much because of the scenery as because of the glammers of historical associations. Men like to see and hear about men, even more than they do mountains, glaciers and beautiful sunsets.

Alaska has the scenery. Has it the history? Our natives say yes. The older natives tell about battles and migration that reminds one very much of the events that Homer sang about, and Virgil described in his "Wanderings of Aeneas."

It is not a good plan even from a commercial standpoint for us to

collect this old history and do all we can to acquaint the travelling public with its main facts. It will add much to the attractiveness of the Alaska excursion.

Also should not something be done to preserve the old monuments all through Alaska, invaluable totem poles are rapidly decaying. At old Wrangell there are several which from a historical standpoint are very valuable. Should not they be brought to Wrangell, and something be done to arrest the decay in many totem poles that we now have.

There are two or three old style native houses, could not one of these be utilized as a museum to preserve the old curios that the Smithsonian and other similar institutions are anxious to get. Many have disappeared but there are enough left to make a very desirable collection. Action should begin at once for in a very few years it will be too late as all these old monuments will be gone.

No Pass for Editor

An editor was asking for admission to heaven.

"Can't let you in," said St. Peter; "the record of your good deeds never came to our exchange table."

"But," said the editor, "the postal authorities are to blame if you didn't receive my paper."

"Then you'll have to go to the other place and fight it out," said St. Peter; "the postal authorities are all down there."—St. Louis Star.

Geo. Irving and W. C. Waters and wife, came in on the Glenora last week and visited many of their friends while the Glenora was being loaded with freight.

A. C. Snyder who piloted the Uncle Dan on her last trip reports that king salmon are running fine and that the canneries are through making cans and are ready for fish.

C. D. Hemming, who is visiting Alaska points in the interest of the R. L. Folk Co., publishers of the Alaska-Yukon Directory, went north on the Humboldt this afternoon.

Richard Bushell Jr. former editor of the "Sentinel" has located at Ketchikan, after an extended trip to Puget Sound points, and will edit and conduct the "Ketchikan Miner."

Alaska as the Minneapolis Journal puts it:

Alaska is a syndicated, refrigerated territory of the United States hemmed in on the north by the polar ocean, on the east by the northwest mounted police, and on the southwest by the Japanese seal poachers. The government is administered by the secretary of the interior, the revenue cutter service and the campfire club of New York.

Summer School

During the summer, Miss Pritchett will conduct a class in Primary and Kindergarten work at the school building.

A class in Painting and Drawing open to all grades will be organized. Lessons will be given twice a week. For prices, see Miss Pritchett.

Whaling Station

The Wrangell steamer Ragnhild clears today for a cruise of the waters in the vicinity of Yakutat, where Capt. Abernethy, a Norwegian whaling expert, who has the steamer under charter, is seeking a site for a whaling station.—Valdez Miner.

A general consideration of the NEW INDUSTRY, including a full description of the distilling apparatus used and the principle involved, also methods of chemical control and disposal of the products, first edition illustrated by seventy-four engravings, 150 pages. This book is cloth bound, it will be sent to any address post paid on receipt of \$3.20.

Write for practical hand book on the fermentation, distillation of denatured alcohol from farm products and wood waste, INCLUDING TAX-FREE ALCOHOL LAWS and TRADE SECRETS. A plain statement of facts for those interested. 280 pages, 60 illustrations, 12 mo., cloth, price \$1.20, postpaid.

Having exported German Stills in large amounts for many years and having a number of agencies in the far East, we are now open to establish additional agencies and invite correspondence to look after our old customers and prospective buyers of our Modern Simple Tax-Free Industrial Alcohol Distilling Apparatus, by special successful demonstrative methods for making alcohol, Apple-Jack, Aguardiente, Mescal, Tegulia, Peach brandy, Whiskey, Solidified Alcohol in Cubes, Etc., also Denatured Alcohol. Most modern simple 5 Gal. Still and all sizes to 500 Gal. Daily Capacities. Good Commission. Address,

The Wood Waste Distilleries Co., Inc.,
Wheeling, W. Va. U. S. A.

Nyal's Salve Heals

Without a Scar

Can you imagine anything more annoying and embarrassing than to think your burns, cuts, or running sore is healing nicely and then have an unsightly scar?

Take no chances—no matter what the cause of the wound, cut, burn, or running sore, remember that Nyal's Salve always heals by first intention—it will not leave a scar.

NYAL'S SALVE

is a powerful antiseptic—it absorbs all scar flesh, nourishes broken down tissue and the result is a firm, healthy, true skin.

Wash with hot water and pure castile soap—apply the salve—change the dressing twice a day and the wound will heal without trace of scar.

Enough for the whole family
Twenty-five cents the box

We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.

Established 1872

(Continued from last week)
the placers. Indeed, there will probably be a decrease in the output of placer gold until the lower-grade gravels are mined. The value of the gold produced in the auriferous lode mines was \$3,351,335. in 1908 and \$4,117,440 in 1909, an increase of \$766,105. The three mines of the Treadwell group produced 1,385,891 tons of siliceous ore, yielding in gold and silver \$2.56 a ton. Eight dredges were operated in Alaska in 1909, with an estimated production of \$425,000.

Record Breaker for the Yukon

The Alaska Yukon placer district had in 1909, the most profitable season since mining first began there, a quarter of a century ago. According to the Geological Survey's returns the value of the gold output was \$11,580,000, as compared with \$10,323,000 in 1908.

The production in Seward Peninsula fell off, owing to the fact that many of the richest placers have been mined out and that no preparations have been made for mining the extensive deposits of lowgrade gravels. With the construction of large plants an increase may be looked for. The great possibility of the Alaskan gold bearing gravel can be recognized when a comparison is made of the recovery from the placer workings of the Territory and those of the United States. In 1909 the average recovery for Alaska was \$3.66 a cubic yard, while for the United States the recovery was only 12 cents.
